Governor of Nagaland, La Ganesan said that folk art and culture are not merely artistic expressions, but they are the lifeblood of our communities, encapsulating our history and values. The Governor, who is also the Chairman of North East Zone Cultural Centre (NEZCC), was speaking at the inauguration of Bharat Ko Janno Programme at Manan Kendra, Gangtok in Sikkim yesterday. He said, the Bharat Janno Programme stands as a testament of our nation's unity in diversity, exemplifying the rich and varied cultural traditions that each region proudly nurtures. The Governor added that through initiatives like Discover India, we strive to connect border people through culture, a mission that starts with understanding and appreciating the unique cultures within our own borders. He emphasized that in the

rapidly modernizing world, it is more important than ever to hold onto our cultural treasures. He said, festivals like Bharat Jano provide a platform for artists to showcase their skills, ensuring that these traditions continue to thrive and inspire. It also play a critical role in fostering unity among our diverse communities, promoting mutual respect and understanding. The Governor expressed hope that the Bharat Jano Programme will not only strengthen cultural ties within North East region but also build bridges with other regions across India.

Additional Deputy Commissioner of Pughoboto ha banned the dumping of Plastic and other wastes into Tapu (Doyang) River and its tributaries. The ADC stated that Pughoboto Sub-Division, being an upstream settlement through which the Doyang River flows, accumulated plastic and other non biodegradable pollutants are carried downstream by water in Doyang River. In this regard, the District Administration appealed to all individuals, organizations, towns and villages under Pughoboto to ensure that the stretch of Tapu River along the Sub-Division is protected from anthropogenic pollution and avoid littering with and disposal of Plastic and other waste, commonly associated with picnics and gatherings along the river banks. The District Administration also encouraged and appealed to all citizens to act as guardians of natural resources by conscious prevention of river and environmental pollution. It also informed that the Government Authorities will take action against any individuals or groups found undertaking ill practices which causes pollution of the Tapu River within Pughoboto Sub-Division.
