The department of Power, Nagaland has informed that power supply to Phek district and Meluri area have been affected due to line fault in the

132 KV Meluri-Kiphire transmission line since August 12. Executive Engineer, Transmission Division Kohima in a release said that 132 KV Kohima-Meluri-Kiphire transmission line was damaged by landslide due to 2-laning road earth cutting works by NHIDCL near Losami village, Phek district during September 2023 and is yet to be restored. The power supply to Kiphire and Phek districts including LHEP is being fed temporarily through 66 kV Tuensang-Kiphire Transmission Line. The department said it is making all efforts to restore the 132 KV Meluri-Kiphire transmission line at the earliest and appealed to the consumers to bear with the inconvenience caused.
