Prime Minister Narendra Modi said that India is moving towards global leadership in emerging technologies, from chips to ships, and from Artificial Intelligence and data centres to quantum computing in his speech at Bengaluru on Friday. He emphasised that reliable power generation is essential to achieving this ambition. Mr Modi said the country is expanding its nuclear power capacity as part of its efforts to achieve clean energy goals and meet its growing energy requirements.

The Governor of Arunachal Pradesh, KT Parnaik received the sacred relics of Lord Buddha Shakyamuni at Nalung Helipad, Namsai on Saturday for the last leg of the sacred exposition after Tawang and Bomdila. Along with the State Deputy Chief Minister Chowna Mein, Cabinet Minister Dasanglu Pull, local MLA Chau Zingnu Namchoom and religious leaders, he joined the ceremonial procession from Nalung Helipad to Golden Pagoda. Large number of people from all walks of life and from various tribes of Arunachal Pradesh lined up the entire 8 km ride to pay respects to the sacred relics. The Governor also participated in the enshrining of the sacred relics and mass offering of prayers. Speaking on the occasion, the Governor said that it was a profound spiritual privilege and a matter of great happiness to be present on the sacred occasion. In his address, the State Deputy Chief Minister said that the arrival of these Holy Relics in Arunachal Pradesh is a rare blessing and a precious opportunity for devotees to offer their prayers and pay homage.

Commerce and Industry Minister Piyush Goyal said that India recorded an all-time high in exports, reaching nearly 90 billion dollars in October this year. Addressing the inaugural ceremony of the India International Trade Fair (IITF) in New Delhi yesterday, Mr Goyal said the export figure of October comprised around 50 billion dollars in merchandise exports and 40 billion dollars in services exports. He further informed that India’s cumulative exports during the first seven months of the current financial year, up to October, has reached 570 billion dollars. Expressing confidence in the country’s export performance, the Minister said India is well on course to achieve its one-trillion-dollar export target this year. Mr Goyal also expressed confidence that India’s international trade will register growth of 15 to 16 per cent during the current year, despite ongoing conflicts and global uncertainties.

Banwang Losu, developer of the Wancho Script and Founder and Executive Director of the Wancho Literary Mission (WLM), Longding District, Arunachal Pradesh, India, visited the prestigious Uppsala University, Sweden, from 6 to 14 November 2026, at the invitation of the University's Department of Linguistics and Philology to deliver a series of academic talks and engage in scholarly discussions on the development, documentation and promotion of the Wancho language. The primary focus of the academic engagement was the historical journey and development of the Wancho Script, its technological advancement, the successful achievement of Unicode recognition, and its growing application in education, digital communication, linguistic research and institutional settings.

Chief Minister Pema Khandu said that various hydropower projects with a capacity of 19,000 MW at various stages of development in the state are going on. Mr. Khandu chaired a review meeting on Friday at Itanagar attended by MLAs, representatives from Govt of India, Deputy Commissioners, CPSUs, power developers and private-sector representatives at the 12th State-Level Steering Committee Meeting on Hydropower Development. Chief Minister Khandu said that the focus of his government is to FAST-TRACK hydropower projects being developed through various CPSUs and private developers.

The Tomo Riba Institute of Health and Medical Sciences, Naharlagun, in collaboration with the Quality Council of India (QCI), organised a two-day hybrid-mode awareness programme on the National Accreditation Board for Hospitals & Healthcare Providers and the National Accreditation Board for Testing and Calibration Laboratories under the Gunvatta Yatra initiative. Gunvatta Yatra is a nationwide initiative aimed at raising awareness, building supportive quality ecosystems and fostering a culture of quality. The initiative marks an important step towards fostering a culture of quality, accountability and continuous improvement, with the ultimate objective of ensuring safer, more reliable and quality-assured healthcare services for the people of Arunachal Pradesh.

In the under 19 Asia Cup Cricket Final India beat Pakistan in a nail-biting final by one wicket in Al Amerat in Oman. Batting first Pakistan scored 337 for the loss of 9 wicket. In reply India chased the score in the last ball of India innings and won the final by one wicket. A 57-run partnership between Manal Chauhan and Mohit Ulva for the 9^{th} wicket led India towards the target. However, Manal Chauhan got out in the 47^{th} over with a contribution of 47 run. In the unbroken 10^{th} wicket partnership,

Mohit and Venkat added 30 runs. India needed three runs in the last ball and Mohit hit the last ball for a four to win the championship.

In Badminton, India's Lakshya Sen has stormed into the men's singles final of the Kumamoto Masters Japan after defeating Indonesia's sixth-seeded Alwi Farhan 21-12, 15-21, 21-11 in a thrilling three-game semifinal today. The 25-year-old Indian shuttler will now face Japan's Koki Watanabe in the title clash tomorrow. Sen dominated the opening game, winning it 21-12. However, Farhan fought back to take the second game 21-15, forcing a decider. The Indian shuttler then produced a strong comeback in the deciding game, winning it convincingly 21-11 to seal his place in the final.
